Maritime Academy helps students find their bearings, careers

By: Jon Chavez
The Blade, 8/9/2020

Yo Ho, Yo Ho! A pirate's life for me.

Or maybe a chef's life instead, or the life of a marine biologist, or even life as a nuclear engineer.

At the Maritime Academy of Toledo, a student with dreams of having a career on the water can choose to do that. But don't be fooled, matey.

While the unusual charter school does provide a conduit for students grades 6-12 to pursue maritime occupations, being a water enthusiast isn't a requirement although the school's name might imply that.

The Richland School of Academic Arts experiences growth over decade

Public charter school to use hybrid learning due to pandemic

Mansfield News Journal, 8/9/2020

MANSFIELD - The Richland School of Academic Arts marked its 10th anniversary a little late due to the arrival of the novel coronavirus this past spring.

The school's official anniversary fell during the 2019-2020 school year but celebrations had to be postponed due to the coronavirus pandemic.

The staff is getting ready to open its doors for the new school year on Aug. 20, making changes to meet safety protocols during the pandemic.
